Enclosure

September 1, 2002

Dear Valued Customer:

One Call Communications, Inc. d/b/a Opticom ("One Call") and OCMC, Inc. ("OCMC") have entered into an agreement by which OCMC will acquire certain assets of One Call, including its telecommunications subscriber base. The transfer of your service provider from One Call to OCMC will occur on November 1, 2002. You are not required to take any action to effectuate this change, and you will continue to receive from OCMC the same quality of service you now enjoy.

This change of service providers will not affect or in any way disrupt your current service. OCMC will be responsible for any carrier change charges associated with your transfer to OCMC. Thus, you will not incur additional charges or fees beyond what you normally incur. In addition, the rates, terms and conditions for your service will remain the same following the transfer. After this transfer, OCMC will provide you with prior written notice of any changes to these rates, terms and conditions by bill insert. OCMC will be responsible for any complaints filed or raised against One Call prior to or during the transfer.

Although we are confident you will be satisfied with our services, you have the right to select a different carrier for the telecommunications services you currently receive, if an alternate service provider is available in your area. However, if you are presently under a term contract with One Call for your telecommunications services, and you decide to select an alternative carrier for those services prior to the expiration of your contract, you may be subject to termination penalties. If you decide to select another service provider, you will need to contact the other provider to request the change.

If you do not affirmatively select a new service provider on or before November 1, 2002, OCMC will become your new service provider. Although you may have arranged with your local service provider a "preferred carrier freeze" that prevents unsolicited changes regarding the service you presently receive from One Call, the freeze will be removed. After your account and services have been transferred to OCMC, you must contact your local service provider to reinstate any carrier freezes.

Until the transfer of services is complete, please continue to contact One Call at 1-800-788-4562. OCMC looks forward to serving your telecommunications needs and we value and appreciate your business. If we can be of further assistance, please contact us at 1-800-876-1300.

Sincerely,

Ann C. Bernard
